Twelfth Street Wedges: Even though the summer is gone, I still like searching for cool summer gear - I suppose it's a bit torturous but what can I say - I love window shopping! The wood wedge heel by Twelfth Street is quite stylish with its turquoise blue elastic band offsetting the basic brown. The heel measures at 3 3/4". With the height and the wood, I'm not sure how comfy they would be, but at such a great price, I would take the chance.

Price: \$149. [View Item](#)

Roberta Chiarella Earrings: Tiger's Eye is a stone that looks best when used with gold. I find that it brings out the various hues of the stone really nicely. I've said this once on a previous post and a commenter expressed that tiger's eye is such cheap stone and far from beautiful - so? Expensive or not doesn't really matter. It embodies great color and would look nice against any skin color - that's versatility! Roberta Chiarella's Gelato Earrings are made of 22K gold plated over brass. An elegant earring for a special occasion and no one would be none the wiser that they weren't solid gold. They are 2 1/2" in length and 3/4" in width. Check out [BlueLuxe](#) for more fabulous jewelry. The prices range

from under \$20 to over \$100, but each piece is well made and creative regardless of price. **Price: \$100.** [View Item](#)
